

TOP TEN BENEFITS

WHY 1 IN 5 CONTRACT CATERERS USE INDICATER

As a leading provider of online management software to the Contract Catering and FM sector, IndiCater specialises in simple to use processes to help hospitality organisations and their teams manage their operations more efficiently and profitably.

1 Modular

Our range of 7 core modules and 100's of tools provide control and visibility of key processes including Finance, HR, Stock & Recipe, e-Procurement, CRM, and Hospitality & Patient Ordering

2

Scalable

Clients can bolt on modules at any time, starting out with immediate business drivers

3

Easy to configure

Processes are specifically designed for use by Contract Caterers and FM providers and can be tailored with ease

4

Value

The greater the number of outlets using the system reduces the monthly license charge, offering outstanding value

5

Support

Our experienced customer service team knows your business and supports you at every stage

6

Knowledge

IndiCater is lead by foodservice professionals who are uniquely placed to understand the exacting needs of the sector

7

Exporting Data

Integration with SAP, J D Edwards, Snowdrop, Sage and many more

8

Importing Data

Integration with EPOS, cashless systems, EDI and other third party systems

9

e-Procurement

Savings in excess of 3% with no volume charges or cost to your suppliers

10

Compliance

Use of multiple system rules ensures that only the correct data can be entered at outlet level
